

## Product advantage

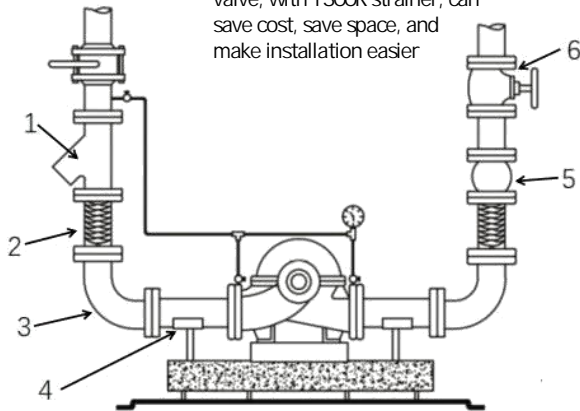

Fig.T300R

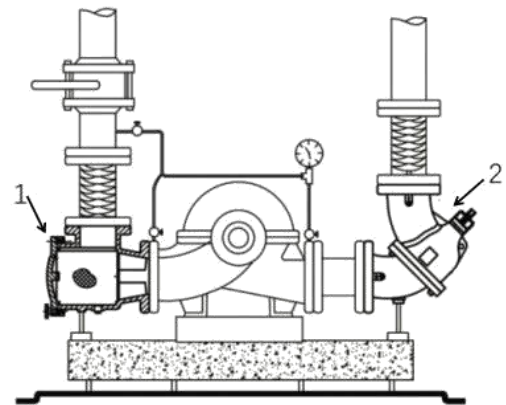

Compared with the traditional pipe, using our multifunctional valve, with T300R strainer, can save cost, save space, and make installation easier

Fig.KS100R

Conventional pipe

The use of KS100R multifunctional valve and T300R deflector pipe

1. "Y" Strainer
2. Flexible connectors
3. Radius elbow
4. Suction pool piece
5. Discharge check valve
6. Discharge globe valve

1. Fig.T300R, T type Strainer
2. Fig.KS100R, multi-function valve
