EOH Series>>>

Clutch Manual Override Quarter Turn Electric Actuator

For butterfly valve, ball valve, plug valve, and other quarter turn valve applications

Long Life

Over 20000 times duty cycle

Safe Design

Patented manual override design, prevents motorized hand wheel rotation

Service

2 years warranty
7 days factory lead time
8 hours service feedback

Product Profile

EOH series adopt lightweight, high torque output, can output torque range of 35-5000N.m. Control mode is mainly divided into two types: on/off type and modulating type; According to the different requirements of the site working conditions, it is mainly divided into Basic type; Mechatronics type; Integrated type; Intelligent type, widely used in buildings, water treatment, light industry and other fields, serialized product design can provide users with one-stop solutions to meet the needs of different users.

Product Feature

- 1 Limit Function**
Integrated circuit board + double CAM design
- 2 Operational Safety**
Class H motor, with thermal protector up to 150°C (>100N.m)
- 3 Over Torque Protection**
150N.m and above are equipped with Torque protection device
- 4 Manual Override**
Patented worm gear clutch design to prevent motorized hand wheel rotation.(>100N.m)
- 5 Reliable Sealing**
Adopt long lasting O shape sealing ring ,effectively ensure water-proof grade
- 6 Worm gear and worm**
Two-stage Archimedes worm gear with higher bearing than helical gear design.Provides better loading and force efficiency.
- 7 Indicator**
3D indicator for observing valve travel position from all angles
- 8 Packaging design**
Pearl cotton protection, complies to ISO2248 drop test.

Product Classification

Basic Type (B) / Integral Type (M)

- Torque Range:35-5000N.m
- Voltage:1 Phase:AC110V/AC220V±10%; 3 Phase AC380V±10% (only basic type), 50Hz/60Hz±5%; AC/DC24V
- Working System:On/Off type:S2-15min; Modulating type:S4-25%
- Electrical Interface:2*PG13.5 (<100N.m); 2*PG16 (≥100N.m)
- Motor Specifications:Class H(≥100N.m)
- Indication:3D open indicator
- Ingress Protection:IP67, Optional:IP68

Note: Single-phase voltage: Working System: On/off type: S2-10min(above EOH100)

▲ 1 Phase-S4

◀ 3 Phase/DC-S5

Mechatronics Type (S4/S5)

- Torque Range:100-5000N.m
- Voltage:1 Phase:AC110V/AC220V±10% (S4) ; 3 Phase AC380V±10%, 50Hz/60Hz±5%; AC/DC24V
- Working System:On/Off type:S2-15min; Modulating type:S4-25%
- Electrical Interface:2*PG16
- Motor Specifications:Class H
- Indication:3D open indicator / LED screen opening indicator
- Ingress Protection:IP67, Optional:IP68(S5)

Integrated Type (I)

- Torque Range:100-5000N.m
- Voltage:1 Phase:AC110V/AC220V±10%; 3 Phase AC380V±10%, 50Hz/60Hz±5%; AC/DC24V
- Working System:On/Off type:S2-15min; Modulating type:S4-25%
- Electrical Interface:2*NPT3/4"
- Motor Specifications:Class H
- Indication:3D open indicator / LCD display
- Ingress Protection:IP67, Optional:IP68

Intelligent Type (S)

- Torque Range:100-5000N.m
- Voltage:1 Phase:AC110V/AC220V±10%; 3 Phase AC380V±10%, 50Hz/60Hz±5%; AC/DC24V
- Working System:On/Off type:S2-15min; Modulating type:S4-25%
- Electrical Interface:2*NPT3/4", 1*NPT1"
- Motor Specifications:Class H
- Indication:3D open indicator / LCD display
- Ingress Protection:IP67, Optional:IP68
- Torque setting:Support torque configuration and percentage display

EOH500	200	5000	183		—	5.60	2.10	1.55	—	52				

Note: 1.Product factory standard configuration.
2.Rated torque is 75% of the max torque.
3.The running time above is 50Hz, the running time of 60Hz is 5/6 of that of 50Hz. The max output torque is the same as above.
4.If the stem height of the valve is larger than the above size , please contact sales staff for customization.

Quality & Service

Omeax professional service team is ready to provide users with comprehensive services and professional technical supports at all time:

- No matter is it by phone, mail or on the site, we are standing by for your inquiry
- Stable delivery time
- On-site installation and debugging
- Regularly follow up our products status and maintenance
- We provide training for structure knowledge, operation,debugging, maintenance and more.

Customized Production:

As to Omeax, there is no such thing called IMPOSSIBLE. For special requirements, we provide customized solutions.
