

OMEAX

Specialist in industrial valves

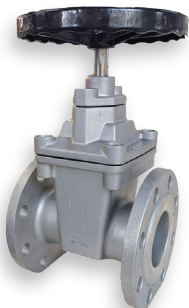

Stainless steel Range

Shut-off valves

G100X - Stainless steel resilient seated gate valve

Clean water, Irrigation, Wastewater, Industrial water, Chemical fluid

Technical data

DN mm	DN 50 - 300
DN inch	2 - 12"
PN	10/16

Z900 - Eccentric butterfly valve

Steam applications (thermal power plants, desalination sea water, and district heating), Oil, Petrochemical, Cryogenics, Factories of transformation processing...

Technical data

DN mm	DN 80 - 3200
DN inch	3 - 126"
PN	16

Z200X - Centric butterfly valve

Chemicals and petrochemicals. Water treatment and sewage treatment technology. Gas treatment technology. Shipbuilding. Energy Engineering. Food Industry. Municipal Engineering. No silicon surface spray treatment. New energy lithium battery industry.

Technical data

DN mm	DN 50 - 500
DN inch	2 - 20"
PN	10/16

Regulation

D100X - Direct acting pressure reducing valve - SS

Cold/hot water, glycol solution concentration < 50%

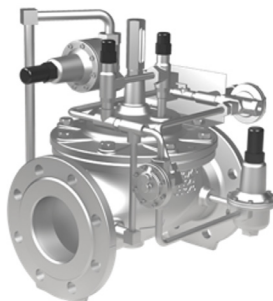

Technical data

DN mm	DN 10 - 50
DN inch	3/8 - 2"
PN	16

N200X - Pressure control serie / Pressure control serie

Fuel, Sea water, Ship building, Smart control

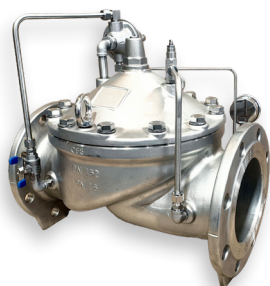

Technical data

DN mm	DN 50 - 600
DN inch	2 - 24"
PN	10/16/25

N500X/NR500X - Pressure release/Relief valve

Fuel, Sea water, Ship building, Smart control

Technical data

DN mm	DN 50 - 600
DN inch	1 1/2 - 16"
PN	10/16/25

Control valves HVAC

TC100XG - Control valves

Clear water, fire protection, irrigation, sewage

Technical data

DN mm	DN 40 - 65
DN inch	1"1/2 - 2"1/2"
PN	10/16/25

TC103X - Control valves

Technical data

DN mm	DN 50 - 300
DN inch	2 - 12"
PN	10/16/25

DR300X - Manual balancing valves - double regulating valve

Cold/hot water, glycol solution concentration < 50%, sea water

Technical data

DN mm	DN 50 - 400
DN inch	2 - 16"
PN	16/25

System protection and network

A200X - Micro air valve

- Pipelines: Protection against air accumulation in high points and long horizontal lines.

Technical data

DN mm	DN 20 - 25
DN inch	3/4 - 1"
PN	16

A300X / AR300X - Air valve

Main transmission lines, water distribution networks, irrigation systems

Technical data

DN mm	DN 50 - 300
DN inch	2 - 12"
PN	16/25

A400X / AR400X - Air valves 4 functions

Water distribution networks.
Irrigation or fire systems.
Used at high points on slope changes in pipelines.

Technical data

DN mm	DN 50 - 300
DN inch	2 - 12"
PN	16/25

Y300X - Y strainers

Waste water, Water supply, Water distribution, Pumping

Technical data

DN mm	DN 10 - 50
DN inch	3/8 - 2"
PN	16/25

Y301X - Y strainers

Waste water, Water supply, Water distribution, Pumping

Technical data

DN mm	DN 15 - 200
DN inch	1/2 - 8"
PN	16

Check valves

C100X - Stainless steel wafer double door check valves

Water, general industry, production processes, hydrocarbons, transmission pipeline

Technical data

DN mm	DN 40 - 700
DN inch	1"1/2 - 28"
PN	16/25

C200X - Disco check valves - SS body

General industry, corrosive fluids, steam

Technical data

DN mm	DN 15 - 100
DN inch	1/2 - 4"
PN	16/25

C310X - Axial check valves

Clear water

Technical data

DN mm	DN 50 - 350
DN inch	2 - 14"
PN	16/25/40

C400X - Ball check valves - SS 316 body - Threaded F/F

Waste water, viscous liquid, loaded liquids

Technical data

DN mm	DN 25 - 50
DN inch	1 - 2"
PN	16

C401X - Ball Valve - 316 Stainless Steel - Flanged

Wastewater, contaminated liquids

Technical data

DN mm	DN 65 - 200
DN inch	2"1/2 - 8"
PN	10/16

F300X - Foot valves - SS body

Pumping, clear water

Technical data

DN mm	DN 50 - 300
DN inch	2 - 12"
PN	10/16
